## They Say

Corrupt men in office should be removed.  
Monumental gall will fool some people.  
She died a death that is to be regretted.  
Howard University is a great institution.  
The conspiracy will be exposed.  
Dr. Rankin is the negro's friend.  
Be watchful of those who show their teeth.  
A deceitful man has a grin like death.  
Some people think that they are wise.  
The bad man will go where angels dare not tread.  
The man who claims to know every thing knows nothing.  
Stand all apart and let the light shine.  
Pull aside the curtain and turn on the light.  
The people shall have the light in the Recorder's office.  
Fresh Pulies and his Italian hand, as he styles himself, will be given a chance.  
Astwood, the foreigner, is making another attack on the Freedmen's hospital.  
Foreigner wanted an appointment which Dr. Williams refused to give him.  
This foreigner wanted to make-up with Dr. Purvis, but he failed.  
The Doctor wanted nothing to do with him.  
Dogs bark when they are hungry.  
Foreign dogs are less harmless than American spits.  
When you raise the curtain, then you will see that the light is turned on.  
The Kansas porpoise will return home a wiser and better man.  
In union there is strength.  
Some people are very wise in their own estimation.  
The Freedmen's hospital is not conducted to suit that foreigner.  
He was disappointed in an office.  
He might as well leave the Republican party as he is not wanted.  
Dr. Williams refused to give Henry C. Astwood a place, and for that reason, he is making personal attacks upon him.  
Astwood said to Dr. Williams, while Astwood's appointee was in, "you have my support Doctor."  
I shall give you and your administration my personal support.  
In the same breath, Astwood asked Dr. Williams to retain his appointee. This, Dr. Williams would not promise.  
Astwood's appointee was dismissed and from that moment, these personal attacks have been made on Dr. Williams.  
He got angry with Dr. Francis, because that gentleman refused to make a fool of himself.  
The foreigner threatened the BEE with a libel suit.  
He should not allow anything that the BEE should say to stop him.  
He should not have any sleep.  
If he would read Mr. Charles R. Douglass' letter and what the Kansas wind-bag has said about him, he would certainly get out his warrant.

Hon. Fred. Douglass said that he is a priest without religion.

He called on the District Attorney at that time, to get a warrant for Hon. Fred. Douglass, but something caused him to change his mind.

If Mr. Douglass will only put himself to the trouble and call on Mr. Taggart and ask him what Astwood said when he applied for a warrant for the Old Man Eloquent.

Mr. Taggart told him to come back, but the acrobatic politician did not return.

## WHAT WILL HAPPEN.

The Kansas porpoise will return to his home.

The Old Man Eloquent will drop the "priest without religion."

He will be glad to come off Taylor's bond.

The people will demand an indictment against the Kansas porpoise.

The BEE will be a daily.

A new Recorder of Deeds will be appointed.

Mark the predictions of the BEE.

## THE BEE WOULD LIKE TO SEE

Dead heads removed.

The devil join church.

The Kansas wind-bag say less and do more.

The bigamist bring his wife to Washington.

Pulies make his assertion good about the ladies in the Recorder's office.

The misfit from Kansas return soon.

H. C. Smith act wise if he is not wise.

## FOR THE LADIES.

For young girls, light tailor-gowns are in great favor, and with gray ostrich feather boas or the full shoulder capes of chinchilla, and a touch of color at the throat, they are vastly becoming.

Some handsome gray gowns of faced cloth or zibeline have round bodies with a yoke in and deep cuffs of white satin almost overlaid with embroidery of steel spangles. These gray gowns with white accessories are extremely chic; and while specially liked for the youthful, they are also worn by older women.

Continued novelties in weave and crimp are introduced; the "plough share" is one of the latest, and the name describes the bold undulations which roll like waves of the sea across the fabric.

The favorite bodice for all but tailor gowns is round with drooping blouse front having a single box-pleat, which is often ornamented with richly cut, or jeweled buttons, and sometimes bordered with fur.

The fancy velvets so much in vogue for corsages are of light weight that readily lends itself to graceful arrangement in these full effects.

## DR. PARKHURST'S NEW WORD.

Dr. Parkhurst has coined a new word, and its aptness and clever construction are quite likely to make it famous. The eminent reformer's word is "Andromania," and of it he says:

"There is an element in the feminine world that is suffering from what I shall venture to call 'Andromania.' The word is not an English one, for the reason, I suppose, that the English language makers never supposed that we should need such a term. It is constructed on the same principle as the word 'Angiomania,' which means a passionate aping of everything that is English. 'Andromania' means similarly, a passionate aping of everything that is mannish."

Dr. Parkhurst makes his new word serve as the title for his first article in the next issue of The Ladies' Home Journal, and uses it for a vigorous treatment of the type of women for whom he invented it.

## WEDDED IN SPIE OF THEM.

A Runaway Marriage to Which the Parents Offered Fruitless Opposition.

Pocomoke City, Md., Jan. 2.—The Parker Hotel was the scene of a romantic marriage yesterday. The contracting parties were Douglas L. Sommers and Miss Florence Lewis, of Bloxom, Va. They came here to escape the wrathful ire of their objecting parents. The Rev. E. S. Tuttle was sent for, and performed the ceremony in the parlor of the Parker Hotel. Mrs. Lewis, mother of the bride, arrived early yesterday morning in pursuit of her daughter, who she says is under age. She caused a great deal of excitement over the girl's marriage, but Mr. and Mrs. Sommers left on a train for their home in Virginia in the afternoon.

## FIFTY LIVES LOST.

Fearful Storms Along the British and French Coasts.

London, Jan. 2.—Fearful storms are reported from all parts of the British and French coasts. It is estimated that at least fifty lives have been lost. The Ramsgate (Kent) lifeboat crew put to sea at midnight and returned at noon with the crew of the schooner Union, wrecked on the Goodwin Sands. It is regarded as certain that the collier Napoli and the fishing steamer Nordsee both foundered off the Dutch coast on Saturday. There were twenty-five persons on both vessels, and there is hardly a doubt that all of them were drowned. A number of fishing boats which left Cherbourg on Saturday have also been lost, and probably their crews.

## The Girl Was Saved.

New Brunswick, Jan. 2.—While skating on the Raritan River yesterday afternoon, opposite this city, Mamie Farrington, aged fifteen, a daughter of Patrick Farrington, of No. 120 Burnet street, and Charles Crossin, aged nineteen, of No. 11 Hasselt street, narrowly escaped drowning. The young couple skated into an air hole. Young Crossin got out quickly, but before he could turn to assist his companion, James Payton, of No. 267 Redmond street, plunged into the icy water, and, assisted by Richard Harndenbergh, Jr., rescued Miss Farrington. She was taken to Klein's restaurant in Albany street, and soon recovered from the shock attending her plunge into the cold stream.

## Another Hotel Holocaust.

Lancaster, Ky., Jan. 2.—The Miller Hotel was burned yesterday. There were four persons in the building at the time—Edward A. Pascoe and wife, his baby, about two years of age, and his mother-in-law, Mrs. Masters. The wife only escaped. No other persons were in the hotel, as Pascoe had made all arrangements to give it up. The fire is believed to have been of incendiary origin.

## A Street Car Accident.

Brooklyn, N. Y., Jan. 2.—Six persons were injured in a street car accident in Brooklyn yesterday. A car of the Franklin avenue line was run into and wrecked by a car of the Fulton street line. The injured are William Purdie, John Salkner, Charles W. Murphy, a well-known bicyclist, severe internal injuries; A. W. Franklin, Mrs. Elizabeth Saunders, of Jersey City.

## Mosher Defeats Donoghue.

Newburg, N. Y., Jan. 2.—Yesterday afternoon a large crowd witnessed the skating races on Orange Lake, which had been arranged as preliminaries to the National Amateur Skating Association races set for January 19. The principal event was the race between James A. Donoghue, of this city, and Howard Mosher, of Storm King. Mosher won easily.

## Mexico Shaken.

St. Louis, Mo., Jan. 2.—A special to the Globe-Democrat from the City of Mexico says that Sunday night an oscillatory earthquake shock was felt in that city and other parts of the valley of Mexico. The movement was east and north, but of short duration. The disturbance caused great alarm.

## Killed at a Crossing.

Guth, Me., Jan. 2.—Miss Catherine Patten, aged eighteen, was killed and Miss Jenny Harvey and Mr. William Thompson were severely injured at the Centre street crossing of the Maine Central railroad yesterday. The party were driving home when the train from Boston struck and demolished the carriage.

## Blown Up by Dynamite.

Newton, Mass., Jan. 2.—Timothy Mallory and James Ford, while digging in a trench at Newtonville yesterday, were hurled twenty feet by the explosion of a dynamite cartridge. Mallory died soon after. Ford is severely hurt.

## Killed His Wife and Child.

Bay City, Mich., Jan. 2.—Daniel G. Tromley, a lumber inspector, twenty-eight years of age, crazed over politics, murdered his wife by cutting her throat, smothered his child and set fire to the house. Tromley was arrested. He attempted suicide by jumping into a well.

## A FEARFUL WRECK.

A British Bark Goes Ashore and Her Crew is Drowned.

London, Dec. 31.—The British bark Osseo was wrecked in a gale at Holyhead, yesterday morning, and with her perished her entire crew of twenty-six men. The Osseo was driven ashore back of the Holyhead breakwater. Her signals of distress were first heard by the coast guard about 4 o'clock in the morning. At that time it was pitch dark, and great waves were washing over the breakwater. In spite of the danger of being washed into the sea, the guard proceeded along the breakwater, and having rigged up the rocket apparatus, began firing life lines in the direction of the wreck. The faint light of the rockets soon disclosed the fact that the vessel had broken in two amidships, and that the main mast had fallen, crushing the lives out of several of the crew. A few survivors could be seen clinging to each half of the vessel, and their piteous cries for help could be heard above the roar of the storm. After many failures the coast guard succeeded in firing a line over the wreck, but by that time all on board had perished. A lifeboat vainly tried again and again to approach the wreck. Not a vestige of the bark could be seen to-day, and there is no prospect of any salvage. The Osseo was a bark of 1,399 tons. She arrived at Falmouth on December 15 from Talalt, and had been ordered to Anderson. Reports of stormy weather continue to be received from all parts of Europe. Numerous small wrecks and casualties are reported in Great Britain and Ireland. Many lives were saved by lifeboats. A severe gale is blowing on the Baltic, and navigation is suspended at Copenhagen.

## PARKHURST DISSATISFIED.

An Understanding Between Lexow and Supt. Byrnes.

New York, Dec. 31.—In an interview with a Tribune reporter, Dr. Parkhurst was asked: "Have you an idea from reading the testimony of Supt. Byrnes that there was a previous understanding between the Superintendent and the Lexow Committee?" He replied: "There is not the slightest doubt about it. In fact, I am free to say that I knew some time ago that there was an understanding between the committee and Mr. Byrnes. I am not prepared to say that Mr. Goff had any knowledge of it, but the understanding involved the manner in which Mr. Byrnes was to be treated. Just what the understanding was I decline to state, but I knew that Byrnes was not to be badly damaged. I first made up my mind that there was an understanding when I heard that Byrnes was supplying the committee with information. My sentiments in regard to Mr. Byrnes are the same now as they always have been. I have been fighting Mr. Byrnes three years, and he has been fighting us, and I am firmly of the conviction that if I care for the safety of our organization I cannot afford to become allied with the enemy in any way, shape or manner. I look upon Supt. Byrnes as a constituent part of a system that is corrupt, and for that reason I do not believe it is wise to have any dealings with him."

## A Chinaman Suiicide.

Watertown, N. Y., Dec. 31.—Lee Ling, a Chinese, aged eighteen, who had been a prisoner in the county jail here since November 19 on a charge of assault, committed suicide in his cell yesterday afternoon by hanging. On November 19 Ling entered a laundry, of which his cousin, Charles Jim, is proprietor, and demanded \$200, saying he wanted to go back to China. Jim refused to give him the money, and Ling, armed with a long knife, thereupon rushed upon him, cutting his arm and inflicting other slight wounds. Ling had been in this country only two years.

## A Hermit Frozen to Death.

Wichita, Kan., Dec. 31.—Emile Lanne, a hermit for a dozen years in a canyon in Beaver County, No. Man's Land, was found frozen to death in his rude hut. A crucifix was grasped tightly in one hand and a rosary in the other. He was ninety years of age and was said to be a son of one of Napoleon's marshals. The hut he lived in contained nothing but a rough table, a few cooking utensils and about fifty volumes of French religious books.

## A Fire at Sing Sing.

Sing Sing, N. Y., Dec. 31.—Fire was discovered in the storehouse and laundry of Sing Sing prison yesterday morning. Although the firemen responded promptly the flames had gained considerable headway. The burned buildings are located in the northeast portion of the prison yard. The loss is estimated at \$2,500, and is not insured. The cause of the fire is a mystery.

## Stamped Envelopes Cheaper.

Washington, Dec. 31.—Third Assistant Postmaster-General Craigo has issued a circular informing postmasters of a reduction in the prices of stamped envelopes and newspapers after January 1, 1895. The general public will not derive much benefit from the change, but buyers in large quantities will secure them a little cheaper.

WILBOR'S COMPOUND OF

PURE COD LIVER OIL

AND PHOSPHATES OF

LIME, SODA, IRON.

The truly wonderful effect produced by Dr. Alex-

ander J. Wilbor's Compound of Pure Cod-Liver Oil

and Phosphates renders it beyond doubt the most

certain preparation of its kind known to-day.

Consumption, coughs, colds, asthma, debility, weak-

ness and all scrupulous humors disappear un-

der its influence. It is almost as palatable as cran-

berry juice, and is recommended by the highest

authorities on all other preparations of cod-liver oil.

It builds up the nervous system, restores

energy to mind and body, creates new, rich and pure

blood, in fact, rejuvenates the whole system, heart,

lungs, liver, brain. This preparation is far superior

to all other preparations of cod-liver oil. It has many

advantages, but not space to detail. The results follow

its use are its best recommendations. We urge you to

write your health, and get the genuine. Manufact-

### BOY FORGER AND STOWAWAY.

William Sullivan, a young man of 17, was killed by an Erie train. Sullivan, who was a stowaway on a ship, was found dead in the hold of the ship. He had been without food and water for six days. He was the young Bloomington forger. He had been arrested in New Orleans under the name of George Follock. The British steamship Vesta, Capt. Brown, sailed from Liverpool for New Orleans December 1, and had a stormy passage. On December 5 the crew discovered a stowaway hidden in the hold who had been without food and water for six days. He was the young Bloomington forger. He said he had sailed from New York to Liverpool on the Umbria, and he was robbed almost as soon as he landed in Liverpool. He applied for aid to the American Consul, but no assistance was given him. When found in the Vesta's hold the lad was in a pitiable condition, but soon recovered. Sullivan's brother telegraphed the Chief of Police to arrest the young man.

### BLAZE IN NEW YORK.

Forty-One Lives Are Lost in a Fire—The Loss Very Heavy.

Ashland, Ore., Dec. 31.—A horrible accident is reported from Silver Lake, Lake County, Ore., caused by the overturning of a lamp at a gathering on Christmas evening. Forty-one lives were lost and sixteen persons were badly injured, five fatally. A large crowd had assembled in the Christian Brothers' Hall to attend a Christmas tree festival. While the festivity was at its height some one climbed on a bench to get a better view, and his head struck a lamp hanging from the ceiling, overturning it. The oil caught fire and the room was soon a mass of flames. There was only one exit, and the flames were between the audience and the door. Many rushed into the flames and others were trampled under foot. The scene of the disaster is 150 miles from a telegraph office.

The dead are Mrs. John Bulck and two children, Mrs. Owsley and two children, J. J. Bulck and daughter, Mrs. Snelling, Mrs. Howard and two children, W. O. ANOTHER REBELLION.

Brazil May Have a Bloody War Again—Endorse Deposed Peizoto.

New York, Dec. 31.—Rio Janeiro advices say: "Revolutionary circulars have been found under the house doors calling the people to arms in favor of Gen. Peizoto. They were also distributed secretly among the navy and army officers. The navy officers, it is said, promised to join the conspiracy and two of them have been arrested. A cabinet council discussed the situation. President Moraes favored the summoning of Peizoto here to vindicate himself, but was overruled. Gen. Peizoto has assured President Moraes that he has nothing to do with any conspiracy. The great excitement prevails here, and every one believes the country is on the eve of another bloody revolution."

London, Dec. 29.—The Brazilian Government has ordered \$1,000,000 worth of war material from the Armstrong Gun Company.

IN THE VAULT.

Robbers Thus Lock a County Treasurer.

Santa Rosa, Cal., Dec. 31.—The treasury of Sonoma County was robbed of nearly \$8,000 Friday and County Treasurer Stofor was left in the hands of the robbers. The robbers took place about 9 o'clock, but was not discovered until 5 in the afternoon. All this time Treasurer Stofor lay on the floor of the vault gasping for breath, fearing that every conscious interval would be his last. Had it not been for the timely arrival of his wife, the only person in town who knew the combination, he would have died before the door of the vault was opened. Officers are searching the country for the robber, but not a trace has been found.

A Veritable Charnel House.

Indianapolis, Ind., Dec. 31.—The persons who searched for the body of ex-Sheriff Curry, stolen from Greenwood Cemetery, traced the body to an unoccupied house, which is being fitted up for the Indiana Medical College, and in the cellar they found twenty or more bodies, some in coal-oil barrels in "pickle" and some in ordinary flour barrels, packed in straw. They had been brought in from country cemeteries within the past two or three days, and represented all ages, from mere infants to gray-haired men and women.

He has twice robbed the Post-Office at Fulton, Wis., breaking into the Post-Office December 7 and 20. He admits taking each time a number of stamps and packages of letters. He said to United States Commissioner Kemp: "Yes, I robbed the Post-Office and ran away. I want to be a leader of a band of desperados. Then I would be happy." He is thinking it over in jail.

### THE LINCOLN MONUMENT.

Efforts to Get the State of Illinois to Take Charge of It.

Chicago, Dec. 15.—At a meeting of delegates from clubs and other organizations interested, held in this city, a resolution was adopted that the delegates pledge themselves to do all in their power to induce the State to take the Lincoln monument out of the hands of the monument association, which now has control of it, and turn it over to the control of the State authorities. The resolution also contemplates making admission to the monument free, and getting an appropriation from the next Legislature of from \$30,000 to \$100,000 to repair the monument. The monument, beneath which rest the remains of Lincoln, has been mutilated by vandals and injured by the weather. It was decided to call a mass meeting some time before January 1 in this city to demand that the appropriation be made at once. Many Assembly candidates were elected on this pledge, and the feeling in the State is intense. Although the Garfield monument cost \$20,000 less, it is much better kept than that of Lincoln.

### THE MURDERS AT LAKEWOOD.

Edward Archer, a Former Employee of the Sherman, Suspected of the Crime.

Jamestown, N. Y., Dec. 18.—Edward Archer is suspected of the crime of murdering the Sherman women near Lakewood. That is the only tangible theory that the police have to work on. Archer was employed last summer by the Sheremans, and it is said was not very well liked by his neighbors. The theory is that he knew of the absence of the family at the funeral and went to the house to steal the money which he, being familiar with the habits of the old man, knew was concealed somewhere about the premises. The women had remained behind and recognized him, and he saved himself from prison he killed them.

Arsenic was found in both the ice-cream and soup. Mr. Christie, Mr. Doherty and Miss Maud Kaler are reported as quite sick, but it is thought that they will recover. The facts in the case indicate that there was a deliberate attempt at poisoning, but there is no clue to the guilty party.

Bread and Coal Cheap.

Port Huron, Mich., Dec. 18.—Eight of the twelve large bakeries are selling bread at the rate of two loaves for five cents. This is to meet a cut made by the others, who last week reduced the price from five to three cents a loaf. Hard coal in stove size is selling at \$1.50 per ton. A short time ago the local dealers tried to raise the price from \$5.50 to \$5.75 per ton. One dealer refused to raise, and the cut was made to bring him into line. He refused to be brought to time, however, and it is expected that coal will be down to \$2 if the war is not settled soon. A Lapsar avenue baker is selling bread at two cents a loaf.

The Bank Directors Had Overdrawn Their Accounts \$1,941,000.

The total amount of overdrawn accounts is \$1,941,000. A good proportion of this will realize unfavorably, a fact which causes surprise that the accounts were permitted to be overdrawn. The amounts due by the bank on current accounts have not yet been brought to a total. The committee appointed to select trustees to manage the bank and the insolvent estates will bring two charters of accounts from London to investigate the books. The members of the committee expressed themselves by censuring the directors. The prosecution have threatened the directors with a claim for \$700,000 worth of fish in the hands of the bank's debtors.

CASHIER A DEFAULTER.

Another "Trusted Employee" Gets Away With \$27,000.

Syracuse, N. Y., Dec. 19.—A special from Rome says that John E. Belby, the trusted cashier of the Central National Bank, is a defaulter in the sum of \$27,000. The shortage in the accounts was first suspected about two weeks ago by National Bank Examiner J. Van Vranken, of Schenectady. On Monday he made the above discovery. Belby admits that he had taken about \$27,000, and says that he speculated in stocks, was caught in a downward market and took the bank funds to recover himself. Most of these funds were also lost. Samuel Gillett, the teller of the bank, who is also the Mayor of Rome, disappeared Monday evening, and his whereabouts are not now known by his wife. Mr. Belby, however, says no one is at fault besides himself, and that Mr. Gillett had nothing to do with the defalcation.

It Was Caused on Dec. 3 by Paralysis of the Brain.

He died two hours later. The cause of his death was paralysis of the brain, accompanied by collapse of the lungs. He was buried on December 4. An obelisk will be erected over his grave, which from its great height on Pala Hill will be a conspicuous landmark from the sea. Mr. Stevenson had recently suffered from exhaustion of the brain, and had been haunted by the fear that his popularity was on the wane.

Among the papers found in the clothing were \$150,000 in bank notes and American securities, which the authorities are holding for the proper claimants. The Don Juan was on a voyage from New York to Gothenburg when she was wrecked.
